4. JBL PRO CONNECT

1. The JBL Pro Connect app is a Bluetooth Low Energy control application used to remotely control the features within the EON 718s. The app is a free download on iOS and Android.
2. It is recommended that all users download the app and ensure their unit is operating on the latest firmware for the best experience.
3. Initiate BT Control pairing by pressing the MAIN/MENU knob and navigating to settings.
4. Your app will send a 4-digit PIN to your speaker. Confirm it on the LCD by pressing the MAIN/MENU knob.
